🧠 SOFT SKILLS

Creativity & Attention to detail

Team orientation & Collaboration

Responsibility & Leadership

Awesome problem-solving & always positive attitude

💼 PROFESSIONAL EXPERIENCE

Software Developer

CODELEX 🌐

February 2023 - present

- Developing a web application utilizing C# and web technologies, such as HTTP & Web API, and TypeScript. I integrated a flight planning API that required strong problem-solving skills and attention to detail.
- Utilizing Test-Driven Development to thoroughly test each feature, catch defects early in the development cycle, and improve overall software quality.
- Managing relational databases using SQL to extract data, create tables, and modify data structures.
- Collaborated with cross-functional teams, conducted code reviews, and continuously worked on improving software performance and scalability

Web Developer

Biedrība "Bērnru Republika" 🌐

2018 - 2019

- Helped to create, design and develop the main website using content management system - Joomla.
- Communicated and cooperated with clients.
